

CONTINUE YOUR COMPOUNDING EDUCATION

2020 MODERN PHARMACEUTICAL COMPOUNDING CLASS

JOIN FAGRON ACADEMY AND EXPERT FACULTY FOR MODERN PHARMACEUTICAL COMPOUNDING

A three-day (20 hour) application-based course focusing on the fundamentals and best practices of non-sterile pharmaceutical compounding. Modern Pharmaceutical Compounding course attendees will become proficient in the applicable calculations and preparation of commonly used dosage forms, the operation of compounding equipment, and the packaging of finished compounded products. In addition, participants will explore the regulatory, marketing, and business development aspects of a successful compounding practice.

GOALS AND LEARNING OBJECTIVES

- Demonstrate an understanding of the proper use and maintenance of pharmaceutical lab equipment
- Perform calculations and learn how to read CoAs
- Create formulations and/or templates
- Formulate, compound, and package oral, sublingual, topical, rectal/vaginal, and transdermal dosage forms
- Review and discuss the importance of QC and QA procedures
- Understand pertinent professional and federal compounding regulations, guidelines and recommendations
- Review the fundamentals of building and marketing a compounding practice

Modern Pharmaceutical Compounding –has been approved for 20 contact hours (2.0 CEUs) of continuing education credit. Attendees will be required to complete an online evaluation for each CE session they attend to verify attendance and acquire their CE. Attendees must provide their NABP e-Profile ID and birthdate (MMDD) to receive credit for any ACPE-accredited CPE session.

It is the responsibility of the CPE taker to give correct information. If incorrect information is provided, the record will be rejected by the CPE Monitor and the CPE credit will not be awarded. If you complete an online evaluation for each CE session you attend at the conclusion of the conference, your CPE credits will be uploaded to the CPE Monitor System within 60 days of completion. If you do not see CPE activity displayed for a session that you attended and it has been more than 60 days since you submitted the CPE to the provider, please contact your CPE provider.

All sessions carrying the ACPE program number are approved for continuing education credit. The American College of Apothecaries, Inc. is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education. Modern Pharmaceutical Compounding is co-sponsored by the American College of Apothecaries.
